Today, the NWP is a nonprofit organization headquartered at the Belmont-Paul Women’s Equality National Monument in Washington, DC, and owns and curates one of the world’s most substantial collections of original suffrage and equality artifacts.

There are currently 32 State Coordinators and over 750 sites on the database. The goal is 1,000 by the end of 2018. For more information, email: info@newhs.org.
